Foreword

As Goods and Services Tax (GST) regime celebrates over seven years of its implementation, it is evident that this revolutionary tax reform has transformed the indirect taxation landscape in India. Since its introduction, GST has undergone several amendments aimed at addressing concerns of stakeholders and improving the overall indirect tax regime. As we now look back on seven years of GST, the importance of continuous updates to simplify compliance and maintain transparency remains pivotal.

Chartered Accountants play a crucial role in the success of the GST regime. Their expertise in issuing certifications required under the GST law is trusted by the Government and businesses alike. Recognizing this, the Institute of Chartered Accountants of India (ICAI) has consistently provided timely guidance and support to its members in fulfilling these statutory responsibilities.

The *Guide to CA Certificates in GST*, originally published in 2020, has served as an essential tool for Chartered Accountants for issuing certificates prescribed under GST law. Following the revision in 2023, I am pleased to note that the GST & Indirect Taxes Committee has once again updated this Guide incorporating the latest amendments and introducing the recommended format of newly introduced certificates.

I commend CA. Sushil Kumar Goyal, Chairman, and all the other dedicated members of the Committee for their efforts in revising this crucial publication.

I am positive that this revised edition will be an invaluable resource, enabling members to meet their professional obligations with responsibility and diligence.

Preface

The requirement for certifications in GST law has become increasingly vital in ensuring compliance and enhancing the integrity of the tax system. This third edition of the "Guide to CA Certificates in GST" has been carefully updated by the GST and Indirect Taxes Committee of the ICAI to reflect the latest amendments and evolving certification requirements under GST law. Building on the foundation laid in previous editions, this publication aims to provide clear and up-to-date guidance to Chartered Accountants.

This Guide outlines the roles, responsibilities, and expectations from the Chartered Accountants (CAs) in the GST certification process, providing clarity for practitioners involved in compliance. It serves as a crucial resource for navigating the complexities of GST law, ensuring members deliver accurate and timely certifications to their clients. The included formats are designed to assist in issuing the required certificates and are not mandatory. Members are encouraged to apply their judgment in situations not explicitly addressed, considering the underlying principles, intent of the law and their professional responsibilities. These certificates have been developed in accordance with the Guidance Note on Reports and Certificates for Special Purposes (Revised 2016) issued by the Auditing and Assurance Standards Board.

We are grateful to CA. Ranjeet Kumar Agarwal, President, ICAI and Vice-President, ICAI for their support and guidance in advancing the initiatives of the GST & Indirect Taxes Committee. We humbly acknowledge the support of CA. Anup Kr Luharuka and CA. Rajat Mohan along with the members of the Group constituted by Auditing & Assurance Standards Board for reviewing the various certificates included in the publication. We also thank the members of our Committee who have been a constant support system in all our endeavours. Further, we acknowledge and appreciate the dedicated efforts of CA. Smita Mishra, Secretary to the Committee and CA. Madhav Kumar Jha in revising this Guide.

Readers are welcome to provide suggestions for the improvement of this guide at gst@icai.in.

Check points for the Chartered Accountants –

- (i) Verify registration particulars with the Registration Certificate.
- (ii) Copy of the refund claim for which the Certificate is sought, to be obtained. Check whether the refund claim has been made within the specified time limit. All amounts to be claimed as refund must have been carried in the balance sheet as a current asset and not expensed (or included in the capitalized value of any asset) of the Applicant or debited to any customer directly on any invoice. Provision made towards such refundable amounts due to uncertainty of sanction of refund is not fatal to the claim of refund or for issue of this certificate.
- (iii) Ensure that the applicant is not barred from claiming refund under Section 54(3) of the CGST and SGST/UTGST Acts and document the basis on which refund claim is sought by the Applicant. Compare the GST rate of inputs and the GST rate on outputs.
- (iv) Obtain a declaration from the suppliers to the effect that they have not claimed refund or drawback on the supplies made i.e. this proviso forming part of 54(3) of the CGST and SGST/UTGST Acts, 2017, to ensure that there is no double refund / revenue loss to Government.
- (v) Obtain documentary evidence from the applicant for ensuring that there is no unjust enrichment of the refund amount claimed [Section 54 (4) (b) of the CGST and SGST/UTGST Acts, 2017]. Examine if uniform pricing methodology is applicable in the business of the Applicant such as sales based on standard list price. Where such methodology is applicable then two successive invoices, one involving a refundable amount and the other not involving any claim for refund are 'unlikely' to be the same price. If this is observed, then further substantive tests are required to establish that the 'burden of this refundable amount' has not been passed on. However, if negotiated, price methodology is applicable in the business of the Applicant, suitable representation may be obtained to the effect that refundable amount has not been passed on.
- (vi) Ensure that the refund claimed is recorded as receivable in books and tallies with ledger balances. Also test check the tax invoices and flow of accounting entries recorded in books for such supplies and related taxes.

Guide to CA Certificates in GST

- (vii) Ensure compliance with provisions of Section 54(10) of the CGST and SGST/UTGST Acts, 2017 with respect to default in furnishing any returns, non-payment of tax, interest or penalty etc.
- (viii) This certificate is required to be issued only if the aggregate value of the refund claim exceeds rupees two lakhs (Rule 89 of the CGST and SGST/UTGST Rules, 2017)
- (ix) Care must be taken to disclose the basis on which the conclusion was reached regarding the incidence of tax not being passed on. Merely declaring that incidence of tax has not been passed on will not suffice.
- (x) This certificate is to be issued in respect of a person who has made a claim of refund u/s 54 of the CGST and SGST/UTGST Acts, 2017
- (xi) Ensure that the certificate issued is in accordance with the Guidance Note on Reports and Certificates for special purpose issued by the ICAI.

Check points for the Chartered Accountants –

- (i) Ensure the existence of a valid contract or agreement that explicitly mentions the provision for upward revision of prices after export.
- (ii) Verify the number and date of the supplementary invoice or debit note issued post-export. Ensure the supplementary invoice aligns with the upward price revision and reflects the additional integrated tax (IGST) amount.
- (iii) Obtain and verify the Foreign Inward Remittance Certificate (FIRC) issued by the Authorized Dealer-I Bank that indicates the additional foreign exchange remittance on account of price revision.
- (iv) Check the original export invoices and shipping bills to ensure the correctness of the initial export value. Compare them with the supplementary invoice and revised value to confirm the upward revision.
- (v) If the foreign exchange remittance includes other considerations (e.g., payments for services or other goods), obtain a detailed breakdown of the remittance. This breakdown should identify the portion attributable to the upward price revision of the export goods.
- (vi) Obtain supporting documents such as contracts, invoices, or agreements that clarify the various components of the foreign exchange remittance. Ensure that the portion of the remittance related to the upward price revision is distinctly identified in these documents.
- (vii) Ensure that the certificate issued is in accordance with the Guidance Note on Reports and Certificates for special purpose issued by the ICAI.
- (viii) Ensure that a letter of representation is taken from the Management of the Applicant for the details and information provided by them.

Considering that we are carrying out the exercise of verification and validation of discharge of output tax by the Supplier, the scope of our responsibility is not to examine or opine on the admissibility of input tax credit in the hands of the Recipient.

The present certificate is limited to statement of fact and is not an opinion about the admissibility of input tax credit. The certificate traces the flow of tax invoice(s) under review into the data in Common Portal and related taxes discharged via FORM GSTR-3B returns filed in one or other tax period.

10. Provision of Section 16(2)(c) of the CGST Act requires that the tax charged in respect of supply has been actually paid to the Government, either in cash or through utilisation of input tax credit admissible in respect of the said supply.

Guide to CA Certificates in GST

However, given the inherent limitation which arises out of non-availability of reliable mechanism either by the Common Portal or by the Government, pertaining to tax being deposited in respect of the credit being availed and utilised by the Supplier for discharge of outward liability on the supplies covered by the mismatched invoices, we have relied upon the data to the extent available by the Common Portal and the information and documents made available by the Management of the Supplier for verification of stipulation as provided under Section 16(2)(c) of the CGST Act.

11. We have conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) issued by the Institute of Chartered Accountants of India.
